I'm Jason and my dad, Henry, works in a big company. He is a watchman, so he has a different routine to a lot of people. He wakes up at 5 p.m., when my sister and I get home from school. He watches the news on TV from his bed for half an hour, then he gets up and has a shower. He has breakfast at 6 p.m. and we have dinner with him. Then he leaves for work. He usually catches the bus. He starts work at 8 p.m. and finishes at 6 a.m. He gets back home at 7.00 a.m. and has his dinner at 7.30 a.m. We have our breakfast with him, then we leave for school and he reads a book or watches TV. At 9 or 10 a.m. my dad goes to bed. Fortunately we live in a detached house, in a quiet area!

My name is Alexandra and my mum, Mary, is a nurse. Her week days at work are always different. Sometimes she works in the morning, from 6 a.m. to 2 p.m., so she gets up very early, but she is at home in the afternoon. Sometimes she works from 2 p.m. to 10 p.m., on these days she gets up late and she stays at home in the morning. Twice a week she works at night. She starts work at 10 p.m. and finishes at 6 in the morning, so she goes to bed at 8 a.m., when I leave for school, and she gets up at 4.30 p.m., when I get home from school. Once a week she has a day off, but it's not always a Saturday or Sunday.
